- A work party was held to repair facial board and guttering. \$1,908 was spent in materials, but due to the lack of participation by club members an additional \$1,280 was spent for labor to complete repairs in a timely manner. A big thank you to Kyle Watts, his help and expertise were crucial to performing repairs.
- The tractor has developed a fuel oil leak at the high pressure fuel pump to injector line connection. Ronnie Brown advised that fuel line will need to be replaced and is checking on parts.
- Tim Drum advised that new steel targets have arrived and are out for use on the pistol range.

New Business

- Keith Harper asked for use of the pistol range on September 24. Club approved request.
- Randy Clark advised that roads are in need of gravel. Club approved \$3,000 for repairs to the roads at the range.
- Steve Rowe reminded club that no TSC match will be held in July.
- Bob Metts advised the club that a bottle was found on top of the 25yard berm with bullet holes in it. Bob advised club that NO targets should be placed on top of a berm and shot at due to the angle rounds will leave the range. This is very unsafe and is grounds from removal from the club membership. Targets should be placed at the bottom of the berms.
- Paul Franscella and Mike Josey were voted in to membership, welcome!
- Meeting adjourned at 8:47pm

Respectfully submitted,

David Gibbs
